

Response by Mr. Tamaki of WAFED e-mail request for meeting on 19 April 04 (see below)

21 April 2004

Dear Mr. Siwakoti,

On your participation in the consultation forum on Thursday, 22 April 2004, please consult with the Melamchi Water Supply Development Board (MWSDB). As the mission schedule is already arranged for other activities, we are afraid that we will not be able to accommodate your meeting requests on Friday, 23 April 2004 in Melamchi Valley and on Sunday, 26 April 2004 in Kathmandu.

Regards, -- Keiichi Tamaki (SASS, ADB)

Subject: Memorandum to Melamchi donors/lenders, JRM meeting Kathmandu

Dear Sirs/Madams:

Dear Mr. Tamaki,

Thank you so much for your coming yesterday and the presentation. It was a good beginning of constructive dialogue. Our differences on issues, problems and solutions are different matters.

Today, please the memorandum herewith. I am also sending it and other documents soon, hand delivery. I very much hope it will be provided to all the JRM members/participants since we do not the addresses of all of them.

I am very much hoping for your confirmation about how and where can we participate in your meeting with NGOs on May 22, and our requests for meetings during the field visits in Melamchi Valley with the local people to be organised by the local people and at another Sunday Forum on April 26.

More soon.

Regards,

Gopal Siwakoti 'Chintan'
